WHO ARE WE ?

Hawari Contracting Company is one of the largest civil construction companies operating in Jordan, it has been established in 1994. Hawari Contracting Company is a registered Grade "A" company in Ministry of Public Works and Housing, and Jordanian Construction Contractors Association.

Here in Hawari , we are dedicated to fulfill our vision and mission by facing challenges, achieve short/ long term goals, and believe in continuous improvement. Our target was always to be one of the unique contractors in Jordan, which able to complete multi scopes of work without depending on outsourcing.

Hawari Contracting Company competitive advantage is based on its deep rooted philosophy of quality and dedication to company principles. Effective, well experienced, and highly qualified management are the adding values to shape the company professionalism for achieving ultimate goals.

Our team is our cutting edge. With more than 30 years of experience, our team forms the company cornerstone and one of crucial success factors that Hawari company has.

OUR MISSION

To add values to our clients by providing them a unique construction services using our expertise in design, procurement, and installation. Moreover, to achieve deliverables in the agreed time, quality and cost.

OUR VISION

To be synonymous with excellence in overall project delivery.

WELCOME MESSAGE FROM THE OWNERS

Dear Gents/Madam

Selecting a Construction Contracting Company, is a foundational decision that the project success depends on this, so either to choose the best contracting company or to choose the fail. In Hawari Company, we believe that the best is achievable, and the best is achievable by selecting the best materials, teams, and design. In Hawari Company, We take the time to listen to client's needs, goals, and imaginations.

For the past 28 years, our father (May Allah be merciful to him) has been accumulated knowledge from small details and a massive experience. Dealing with clients with special care that they deserve.

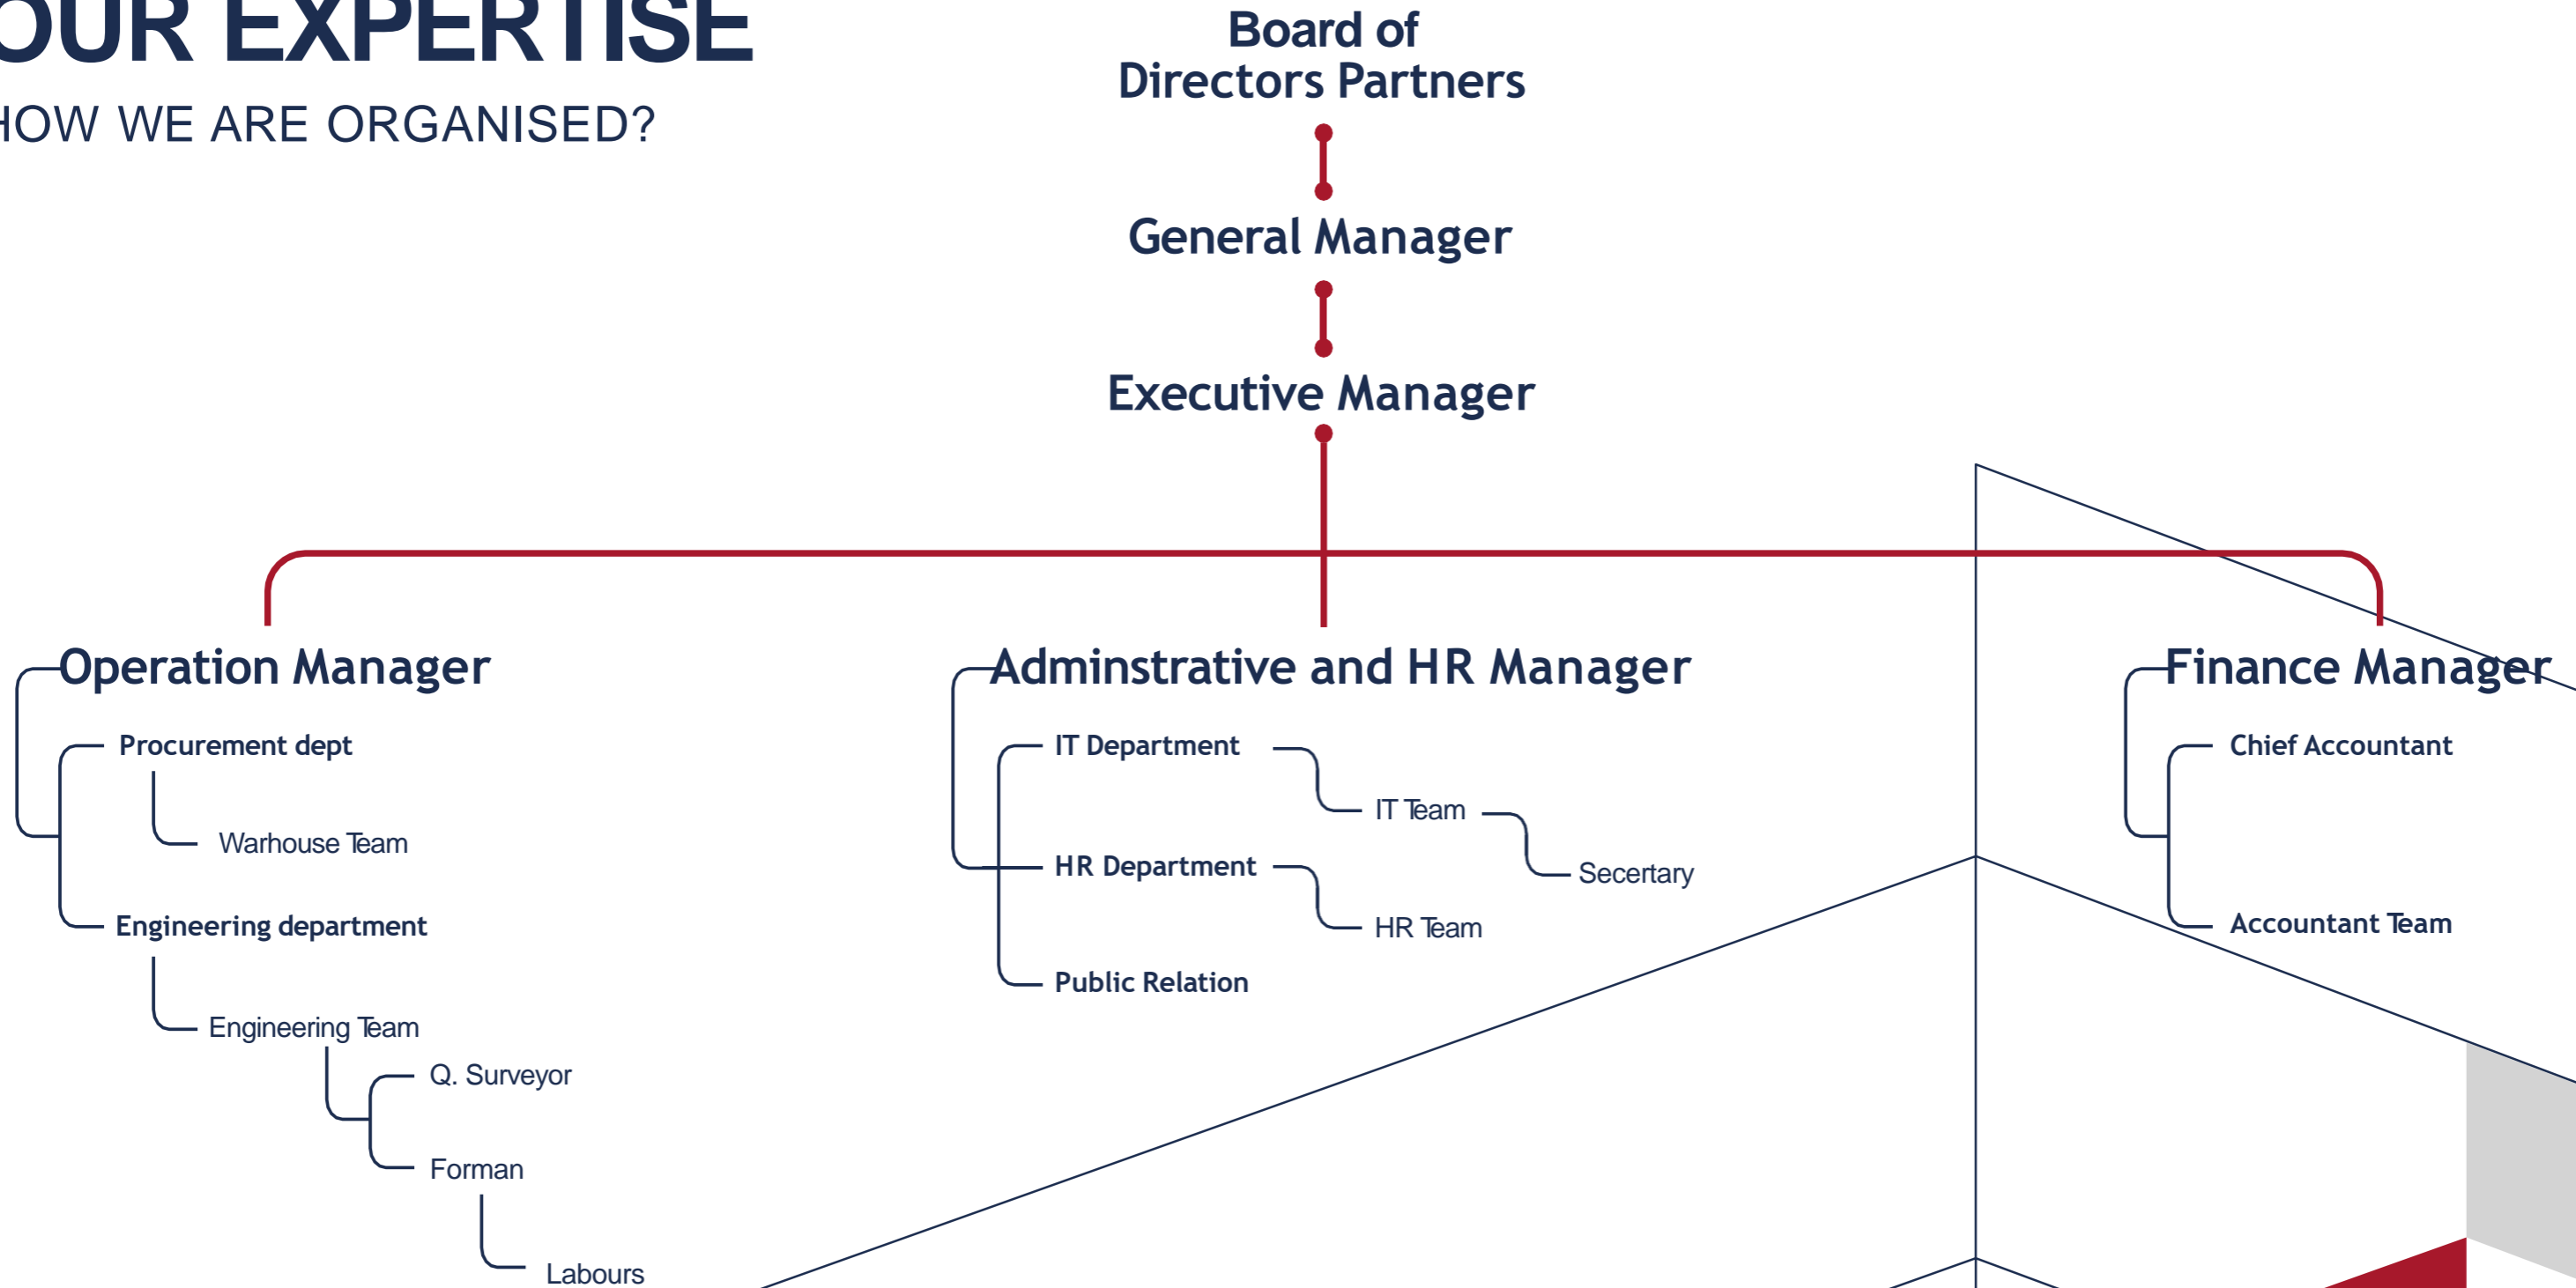

Growing with the clients was always his repetitive proverb by providing proactive and trusted construction contracting solutions and built mutual trustworthy relationship.

From that experience, patience, knowledge, and a solid capabilities has emerged that paved the road to serve our clients and meet their expectations.

"There are no secrets to success. It is the result of preparation, hard work, and learning from failure."

OUR EXPERTISE

HOW WE ARE ORGANISED?

EXECUTIVE LEADERSHIP

Captain Eyad Al-Hawari
General Manager

Eyad is a certified flight captain. His background includes over 25 years by working with his father (May Allah be merciful to him). As a flight captain, he knows how to fly away toward sky pursuant dreams and convert what was impossible before to possible by hard working.

Eyad has essential touch in the emerging of Hawari Contracting Company since start by building its reputations not only in Jordan. His background in business development, general management and executive leadership throughout Jordan combined with market provide the foundation for his leadership approach.

OUR PEOPLE

Our team is flexible and able to adjust to clients' specific needs with respect to internal processes and systems, as well as the availability of resources. The core team of project managers consists of civil, mechanical and electrical engineers, with fresh civil engineers, Quantity surveyor and Administration Support complementing our service delivery.

OUR SERVICES

The responsibility of Hawari Contracting Company in civil work construction is the execution of the work activities that are required for the completion of the project in various aspects of the project for instance project planning, management, monitoring, construction site safety, and legal issues.

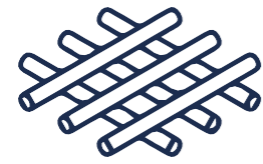

Finishing work is a fine job in building construction process where it forms the beauty of a building. Several types of finish we can do it in Hawari Contracting Company such as external finishes and façade, internal finishes, decoration, furnishing, external work and landscaping.

With decades of experience preparing sites for commercial, industrial or infrastructure projects, our earthworks, underground & piling group have equipped and qualified them to take on any project in any location.

OUR SERVICES

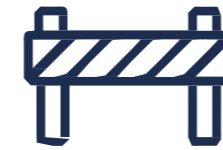

Steel Structure

We are trusted by the clients not only for a long history of development with a long experience in construction but also a pioneer in the application of modern construction technology. We are involved with structural steel projects ranging from industrial to commercial applications.

Electromechanical Work

MEP Contractor services are the key requirements of any construction-related projects. The MEP services will determine the value of the project. Mechanical, Electrical, Firefighting and Plumbing needs are the fundamental requirements of all modern construction projects, therefore hiring an experienced MEP Contractor can make a huge difference in meeting the expected value and the required quality of the project.

Road Construction

Construction and Maintenance of roads with all associated works like construction of sub grade, sub base, Asphaltic layers, street furniture's, kerbstone and barriers, footpaths, street naming and numbering signs and road marking.

Renewable Energy

We specialized in solar photovoltaic and thermal energy systems that provide a turnkey integration solution based on the needs and requirements of the customers and their best use of the application.
